

**Public Notice**

**Town of Dracut**

**HOUSEHOLD HAZARDOUS WASTE DAY**

**Saturday**

**March 11, 2023**

A Household Hazardous Waste (HHW) event will be held in Town for residents to safely dispose of their hazardous household products. The event will take place at the Department of Public Works Dillon Center at 833 Hildreth Street on Saturday, March 11, 2023 between the hours of 8AM and 12 noon.

The improper storage and disposal of HHW can lead to water and air pollution, cause health and safety problems (e.g. for residents, firefighters) and add un-necessary municipal costs. This is a highly regulated and expensive service for the Town so a user fee is charged at our March 11th event to help defray some of the cost.

In addition, and in cooperation with the Massachusetts Department of Environmental Protection, we are increasing the opportunities for residents to dispose of HHW by participating in a reciprocal HHW program with other municipalities. This program allows residents of each town to participate in multiple HHW collection days. Additional information about both the reciprocal program and our upcoming event is available by contacting the Board of Health at tel. # 978 453-8162.

Thank you for your assistance in making Dracut a great place to live.
